

## MATERIAL EXTERIOR GRADE (MEG)

---

MEG is a construction product that is ideal for architecture and comprises a rigid core combined with a decorative surface consisting of weather-resistant thermosetting resins.

Robust, compact and long-lasting, MEG is specifically designed for outdoor application; it is resistant to natural weathering providing technical performance that make it suitable to the building sector, where it represents an excellent alternative to traditional materials.

MEG Collection is made up of Standard, Colors, Wood, Metal and Concrete versions for a contemporary and industrial touch.
